Instructor:

Engr. Maria Rizette H. Sayo

Month, DD, YYYY

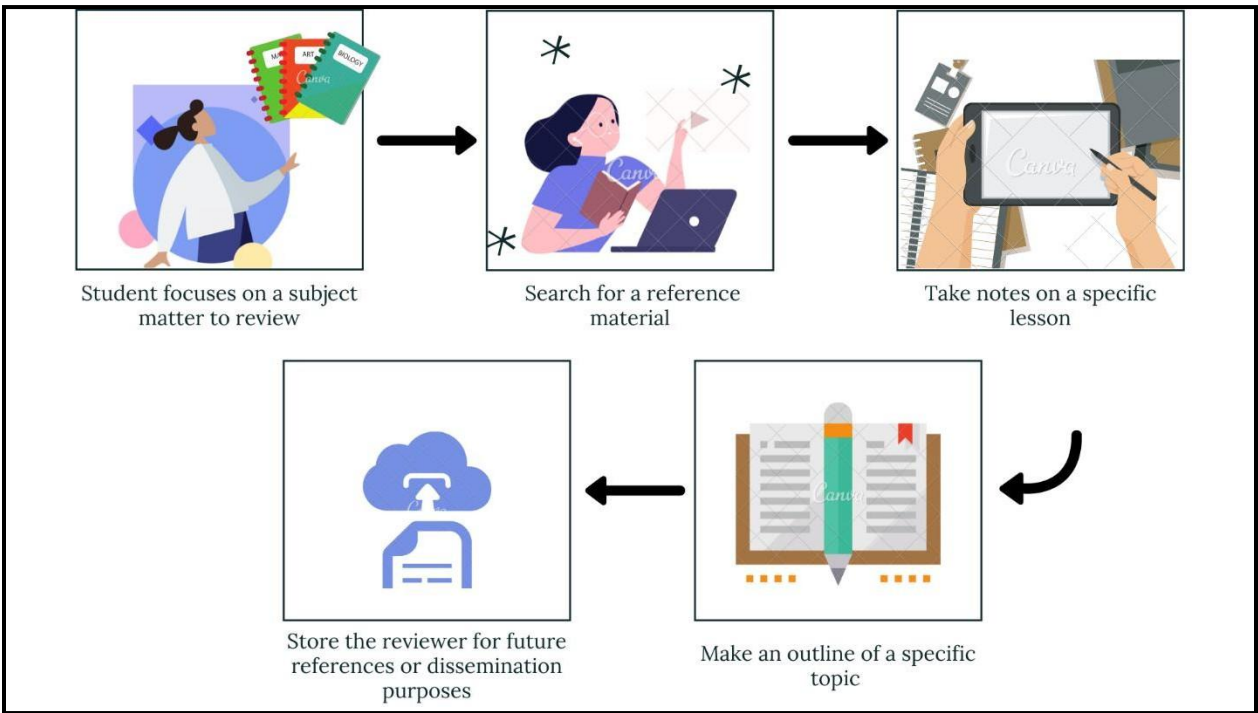

I. Objectives

- In this section, the goals in this laboratory are:
- To illustrate the process of determining the requirements for a system
 - To enumerate both the requirement definition and requirement specification

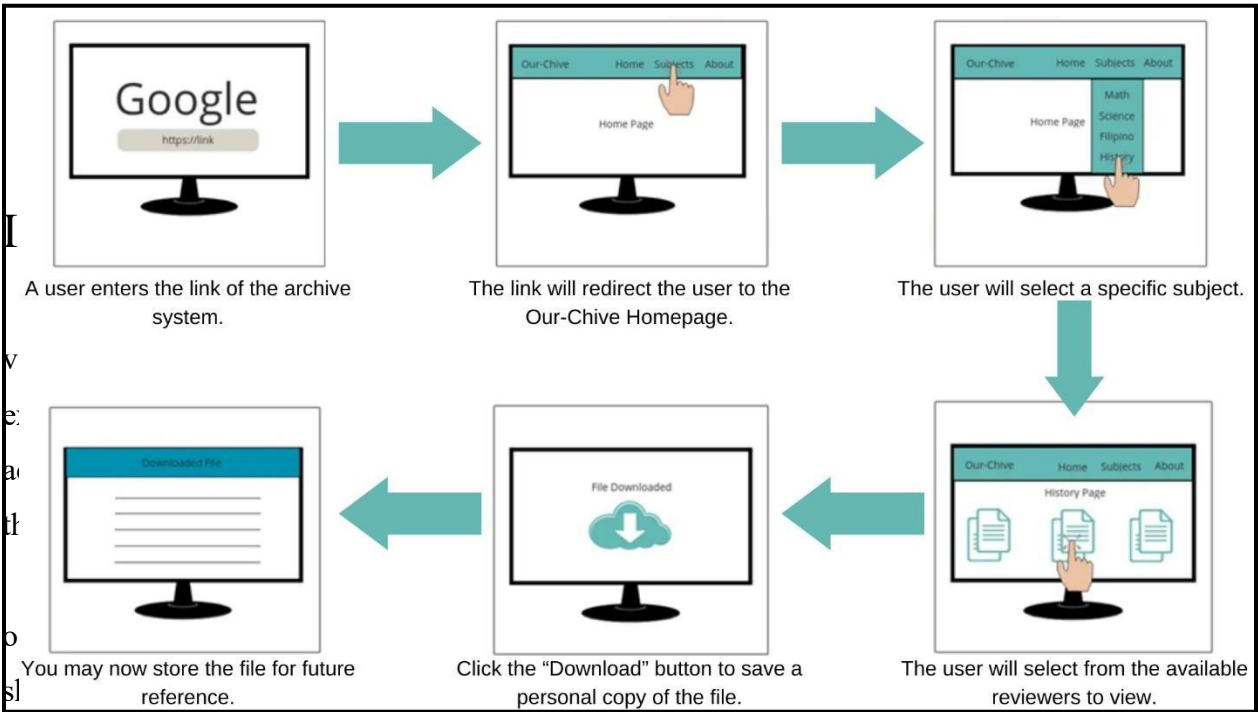

II. Methods

Instruction: Create a storyboard of your software or system.

Manual System

Automated System:

readable and include captions. Please refer to the sample below:

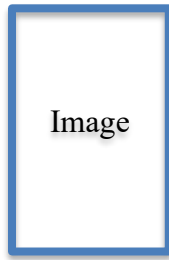

Figure 1 Screenshot of program

If an image is taken from another literature or intellectual property, please cite them accordingly in the caption. Always keep in mind the Honor Code [1] of our course to prevent failure due to academic dishonesty.

IV. Conclusion

The conclusion expresses the summary of the whole laboratory report as perceived by the authors of the report.
